**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I was paying \$65/month for ATT's measly 3Mb/s service. Sonic provides an average of 700 Mb/s for the same price.

Any decision to deny consumers reasonably-priced access to fiber is unfair, especially in a metropolitan area of the United States in the 21st century.

I maintain two websites and use a Dropbox account to rapidly send large video media files to clients, so high speed fiber is essential to me.

Please don't undo the great, innovative work of Sonic and other startup service providers.

Sincerely,

Paul Cope
